M. H. S. LOSES TO CAMERON 26 TO 0

AT ST. JOSEPH LEAGUE PARK YESTERDAY.

CHAMPIONSHIP HOPE GONE

Liberty, Benton and Cameron to Fight It Out—No Good Alibi for Defeat.

The breaks of a football game along with a certain amount of overconfidence, a wee bit of stage fright and the lack of a certain team co-ordination, which has manifested itself all season, proved disastrous to the chances of the Maryville High School football team yesterday in the game with Cameron High at League Park in St. Joseph. Cameron won the game by a 26 to 0 score, counting in each of the four periods. Goal was kicked after the first and last touchdowns.

The first counter came in the first minute of play when a Cameron pass was completed behind the Maryville goal line. The second was the result of a bad pass to O'Banion, who was punting from behind his own goal line. He did not quite get hold of the ball and a Cameron end fell on it. The third touchdown was made after Maryville had received a penalty which threw on her two yard line. An end run was all that Cameron needed to put the ball across the line. Goal was not kicked. The fourth touchdown was the most spectacular of the game. A Maryville pass was intercepted by a Cameron man who ran more than forty yards for the final counter of the game.

The breaks of the game were clearly against Maryville. After the first touchdown the team seemed to pep up and for a while, by far outplayed the Cameron team but the breaks began to come so fast that it in a way demoralized the team.

The team for the first time this year failed to work as a machine. Something was the matter. There was a great deal of articulation between Willoughby, the Maryville quarterback and O'Banion the captain as to who would carry the ball. They boys just forgot that they were parts of a machine and realized that something was the matter and each one tried to remedy it by himself.

This game ended Maryville's chances for the championship of Northwest Missouri. A win over Cameron would have put the locals in the finals but now Cameron will play the winner of the Liberty-Benton game today.

The defeat yesterday was the first for Coach Lawrence's warriors this year. They have played in a winning streak and have won some hard fought victories. Their record this year as well as their showing yesterday cannot be discredited. Yesterday they met a team that has won every game played, including one with St. Joseph Central, acknowledged to be one of the fastest in this part of the country.

Too much credit cannot be given to Coach Frank Lawrence. Coming to this school for the first time this year, he took hold of a string of boys, with which he was unfamiliar, and rounded out a team of strength and quality, and a clean team at that.

It has been rumored today that a Thanksgiving game will possibly be scheduled between the Maryville team and the loser of the Liberty-Benton game which is being played today. However, this has not been confirmed by Coach Lawrence or by any of the local school authorities.

JOHN GREMS AND W. H. HUDSON ATTENDED BARNARD LODGE.

TO HAVE BIG TIME MONDAY

Messrs. Grems and Hudson Invited to Attend 50th Anniversary of Barnard I. O. O. F.

John G. Grems and W. H. Hudson of Maryville helped to organize the I. O. O. F. lodge at Barnard fifty years ago and attended the initiation of the charter members of the lodge. A. W. Jobe of Barnard is the only charter member of the Barnard I. O. O. F. lodge living.

In a letter Mr. Grems writes as follows:

Maryville, Mo., Nov. 20, 1922.

A. W. Jobe, Barnard, Mo.

My Dear Sir and Brother:

I read with much interest the article recently published in the Barnard Bulletin regarding the organization of the I. O. O. F. lodge in your town. I well remember the occasion. A bunch of our members went down and as the sky was clear and the weather fine on the way from Maryville to Barnard we saw many stately oaks and elms and a winding stream. A number of the members of White Cloud Lodge working under dispension from the Grand Lodge of Missouri proceeded to organize your lodge and install the newly elected officers, after which the good women of Barnard furnished a fine supper which was greatly enjoyed. I have often thought of this meeting, and but recently tried to recall to mind the names of those who took part in the organization, but could not remember all, but can call to mind the names of some early characters of three thousand years ago, such as Jonathan and David and the good Samaritan, whose noble acts and deeds of charity and humanity furnish some of the noblest teachings in our rituals.

Of the number who went down from here, I think W. H. Hudson and myself are the only ones now living.

I wish to congratulate you on your long and faithful membership of fifty years. I hold over you three years.

Sincerely and Fraternally yours,
John G. Grems.

Barnard is to have a big time at the I. O. O. F. lodge Monday night. Several candidates are to be initiated and the occasion will be made in honor of Mr. Jobe. The Maryville and Savannah degree teams will be in attendance as well as a large number of Odd Fellows from nearby towns. Plans have been made to feed the men in the basement of the Odd Fellow building.

Special invitations have been extended to both Mr. Grems and Mr. Hudson to attend the big meeting Monday night as guests of honor.

NO INQUEST ON STILL'S DEATH

KIRKSVILLE TRAGEDY CLIMAX OF PARTY IN "LOG BARN."

TO ATTEND THE FUNERAL

Several Maryville Relatives to Kirksville to Attend Services to be Held Tomorrow.

Kirksville, Mo., Nov. 25—Coroner Bigsby last night announced that the death of Dr. George A. Still, president of the American School of Osteopathy, here Thursday night was accidental, and that it was not necessary to hold a formal inquest. The coroner made the announcement after talking to several relatives of Dr. Still who witnessed the accident.

Dr. George A. Still, president of the American School of Osteopathy and one of the best known surgeons of the country accidentally shot and killed himself Thursday night at a "log barn" party, that he was giving to a few of his friends.

The guests were departing, and Mrs. Still, one guest and two of the musicians still lingered about the fireplace in the large log barn of Dr. Still, which has been the center of so many social functions here.

Dr. Still remarked that too much thievery was going on in Kirksville of late, and he drew an automatic pistol from his pocket and declared that he was going to keep a little closer watch about his home, as he had a pen of fine turkeys that had been disturbed the night before.

Earlier in the evening he had broken his finger while dancing the Virginia reel, when he struck a cabinet along the wall. This made him handle the pistol in a clumsy manner, and it fell to the floor. As he stooped over to pick it up, he evidently fumbled it again, and it was discharged, the shot entering the brain and killing him.

The guests had not reached the street when they heard the shot and the screams of Mrs. Still, and rushing back they found Dr. Still lying across the hearth of the fireplace, dead.

Dr. Still had been president of the American school of osteopathy here since 1917. He had been chief surgeon since 1907. He was a great-nephew of A. T. Still, founder of osteopathy, and came here from the Des Moines school of osteopathy.

Dr. Still was 41 years old. He was a graduate of Drake University, Rush medical college, studied in Berlin and Vienna, traveled extensively and was widely known.

He is survived by Mrs. Still, ex-president of the Missouri Federation of Women's Clubs, and his parents, Mr. S. S. Still, and Dr. Ella Still, both members of the faculty of the American school of osteopathy.

The funeral services will be held at the Christian Church Sunday afternoon, conducted by Rev. F. W. Conlitt, dean of the A. S. O., and former pastor of the church.

Arch Frank, Mr. and Mrs. Robert Gex, Jr., and Mrs. Hal Catterson expect to leave late this afternoon or early tomorrow morning for Kirksville to attend the funeral which will be held to morrow afternoon. They will make the trip by automobile.

Jamestown, N. Y., Nov. 25.—A fire in which it is feared a score of lives are lost and which destroyed many business and dwellings and did an estimated damage of four million dollars, was raging here today.

Two firemen and three women have been seriously injured and more than fifty persons have been carried down ladders from burning buildings or rescued by leaping into fire nets.

The "Tiger" was scheduled to appear at 12:30, but it was a matter of question whether or not he arrived, as he was one of many thousands.

The score at the end of the first quarter was: Harvard 7, Yale 0; end of second quarter, Harvard 7, Yale 3; end of third quarter, Harvard 7, Yale 3.

Franklin Field, Philadelphia, Penn., Nov. 25—A stiff northwest wind, reaching almost the proportions of a gale, swept down upon the glittering Franklin Field this afternoon when the Army and Navy elevens met for the 1922 football supremacy. Now and then a faint ray of sun would break through the clouds.

Fifty thousand people were massed in the huge stadium to witness the battle. The gridiron was hard and drab, and not a blade of grass was to be seen.

The score at the end of the first half was: Navy 7, Army 3.

ELLIS BRADLEY CASE TO JURY THIS AFTERNOON

Dr. O. L. Curl, Prosecuting Attorney-Elect, Made His First Talk to a Jury Here.

The case of the state against Ellis Bradley will go to the jury about 4:30 o'clock this afternoon after the closing argument by Prosecuting Attorney Charles F. McCaffrey. At press time, Mr. McCaffrey was speaking.

George Pat Wright made the opening argument for the state. He was followed by George Robb Ellison for the defense. O. L. Curl, prosecuting attorney-elect, made his first speech to a Nodaway County jury this afternoon when he spoke for the state. Mr. Curl who will take the office of prosecuting attorney January 1, has been assisting the state in this case. Ellis G. Cook made the closing argument for the defense.

The verdict of the jury will either be guilty or not guilty and will not give any sentence. If Bradley is guilty, the court will fix the punishment which provides for a term of years in the reform school. As Bradley is under 17 years old, this case is being tried in juvenile court instead of circuit court.

A night session of court was held last evening and all of the evidence in the case was finished at that session.

CLEMENCEAU WILL WITNESS HARVARD-YALE GAME TODAY

French, "Tiger" Will Witness His First Modern Football Game—Boston Reception Touched Him

Boston, Mass, Nov. 25—Georges Clemenceau, former Premier of France, was enroute this morning from this city to New Haven to attend the annual football classic, the Harvard-Yale game. His train left here at 8:30 this morning and was due to arrive at New Haven shortly after noon.

Clemenceau had planned to remain quietly in Boston and rest today and Sunday, but so much pressure was brought to bear upon him by his friends to be present at the football classic that he decided to go.

It will be the first time the "Tiger" has ever witnessed a modern American football game.

Clemenceau had received a cordial welcome in Boston and seemed much touched over the reception given him.

BEARCATS BATTLE BLUEJAYS TO 0-0

NEITHER TEAM SCORES IN YESTERDAY'S GAME

SEASON ENDS WITH .500

Maryville and Westminster Teams Were Evenly Matched—Much Punting by S. T. C. Team

The State Teachers College Bearcats closed their football season yesterday by playing a scoreless tie with Westminster College at Fulton. Maryville played a defensive game all the way through, Miller being sent in to punt soon after the game began. Off tackle plays and short end runs were used mostly by quarterback Beck and three short passes, all of which were completed, were used.

The season closed with the Bearcats winning three conference games, losing three and tying one. Considering the fact that this is much better than the showing ever was before, Coach Maynor's men has had a very successful season.

Westminster completed two 30 yard passes and made yardage several times through the line.

In other conference games yesterday Kirksville won from Missouri Valley at Marshall by a 10 to 6 score, Central defeated Warrensburg at Sedalia by a 9 to 0 score.

This tie of yesterday should make the Bearcats stand at least fourth in the final percentage of the conference teams.

PROF. TIERNAN OF "BABY BILLY" CASE IS MARRIED

Former Wisconsin University Instructor Today Weds Iowa Widow—Ex-Wife Threatens to Kill.

Chicago, Nov. 25.—Prof. Tiernan was married at Crown Point, Indiana, today to "Blanche," reported to be a wealthy widow of Iowa. The woman gave her name as Mrs. Blanche Brimmer of Hansell, Iowa, and gave her age at 24.

Tiernan was one of the "angles" in the famous South Bend paternity case in which the paternity of "Baby Billy" was questioned. He was an instructor in the University of Wisconsin until his resignation a few days ago.

The marriage took place in the office of the Justice of Peace Kemp. The ceremony was brief. When the former Mrs. Tiernan heard of the wedding she flew into a rage, saying, "I'll kill that man," and then added, "I'll have him charged with bigamy. She said that they had lived together as man and wife until last Monday.

Testimony was given in the "Baby Billy" trial that he and Mrs. Tiernan had been separated since October 2.

4 COAL MINES AT ELMO ARE OPENED

C. TUTTLE AND E. E. CARVER ARE DOING WORK

ONE MINE IS IN TOWN

Is On Dr. Ferguson's Place—Others Are on Hamilton Estate and Bradley Farm

Another Nodaway County coal field is in the process of development. This time it is in the vicinity of Elmo where four different mines are being opened. C. Tuttle, U. S. Government Surveyer and E. E. Carver, who opened the De Land mines at Quitman, are developing the Elmo field.

Four mines are being opened. Two are on the old Hamilton estate, two miles southeast of Elmo, which joins the Robert Lamar farm on the west. These mines are already opened, but the buildings have not been erected. Mr. Tuttle says that there are mighty fine coal veins in these two mines.

Another of the mines is on the O. Bradley farm, west of Elmo. The workers have already gone through the first cap of rock in this mine.

The other mine is in the corporate limits of Elmo being on the place of Dr. Ferguson. Mr. Tuttle says they have about five feet more to go on this mine. The plans are to truck all of the coal from these three mines to the Ferguson mine in Elmo and ship it from there. If development justifies a "spur" road will be built to the others, which are in a small radius of Elmo. It can then be easily shipped from Elmo.

Specimens of the coal from each mine will be sent to Jefferson City to be recorded and placed on exhibition and Nodaway County will be on the map for coal production as well as other of her industries.

LARGEST CIRCULATION IN NODAWAY COUNTY

AMERICAN FRIENDSHIP FOR FRANCE

The French seem to feel that the warm friendship felt by Americans for France during the war days has rooled off. Then, as they feel, our doughboys and the French poilus were brothers in arms and loved each other, but now they think that hostile propaganda has made our country suspicious of French purposes.

The American people would like to maintain the old relations of friendship with France. If they have cooled, it is not the fault of this country. If France would ratify the naval limitation treaties that promised so much to relieve the world from war burdens, it would help restore the old cordial feeling. Also while our people sympathize with France in her fear of German aggression, the present deadlock over the matter of German reparations keeps the whole world in turmoil, and does not accomplish anything for France.

A Kansas City paper says Cherokee coal has dropped a dollar a ton there. We are listening breathlessly for any unusual sounds here.

Along with the numerous other referendums taken at the last election, a vote was taken in the state of Massachusetts on an act passed by the legislature of that state providing for the censorship of moving pictures. There was a large majority of the votes against the censorship.

COMMON SENSE SCHOOL WILL BE IN SCHOOL FILM

Agriculture in Nodaway County Was Shown at This School Last Night

"Agriculture in Nodaway County" films were shown at the Common Sense School, 17 miles southwest, where Frank Barr teaches. Owing to the fact they had just had a program for a Box Supper, the students did not render a program last night. However, all were very anxious to have the "Nodaway County School Film" shown and wanted to know how soon it would be available.

Common Sense School will have their stunt filmed pretty soon, it was reported by some of the patrons and teacher, for they have already raised more than enough money for the necessary film and will take it up with Mr. Somerville soon.

At this school they have a splendid out door basket ball court, and it is very probable that a basket ball game will be staged for one of the stunts they will have filmed for the Nodaway County Film. The ladies of the district served an elegant lunch consisting of pickles, sandwiches and pie.

BERGDOLL RELEASE WILL DEPEND UPON WOODROW WILSON

Kansas City, Kan., Nov. 25.—The release of Edwin Bergdoll, millionaire draft evader, from the federal penitentiary at Leavenworth will depend upon whether or not Woodrow Wilson issued a proclamation after the armistice was signed, setting the maximum penalty for imprisonment at eighteen months, it developed today in the habeas corpus proceedings.

"If Woodrow Wilson issued such a proclamation, I will release Bergdoll," declared Judge Pollock. "He has served more than that time now."

A CIRCUIT WITHOUT A JUDGE

Oversight Causes Mixup in Fifth—Hyde May Rename Tibbels

Jefferson City, Nov. 25—Under a ruling made yesterday by Assistant Attorney General Otis, the fifth judicial circuit is without a circuit judge because of the oversight of all parties to nominate any one for a short term from November 7 to January 1.

Otis holds that Judge A. C. Tibbels, who was appointed about a year ago by Governor Hyde to fill the vacancy caused by the death of Judge Alonzo D. Burnes of Platte City, no longer is judge, as his appointment could only be to the date of the general election.

Guy B. Park of Platte City, who was elected for a full term, which does not begin until January 1, is, of course, not eligible to act until that time.

The defect will have to be remedied by appointment by the governor for the few weeks intervening between now and January 1. Judge Park will ask the governor to commission Judge Tibbels for the short term.

Forumettes

It used to be that
Low spirits furnished
An excuse for indulging
In a lot of highballs.

One thing about winter, we can have our arguments without getting overheated.

One of our friends who sells books says he ventures the statement that there are many homes in Maryville in which you will not find a Bible but that every one will have a dictionary of some kind.

One of our office manager friends tells us the instinct in every woman tto be always moving things makes it self known in the average office where women are employed. They will move the desks about every week like their mother does the furniture at home, if the boss would stand for it.

There are still some men who feel for the brass rod with their feet every time they step up to a soda water counter.

Uncle Abner says you can't keep a man down so long as he is able to get on his feet.

We overheard two flappers discussing a certain young sheik on the street the other day. One said "He dresses like a gentleman." "Well, I can't say," replied her campanion. "I have never seen him while he was dressing."

One of our friends who is in the restaurant business tells us that many of the Maryville young bounders have a habit of stopping in the eating houses on their return home from dates and get an order of breakfast food and cream.

Louise, the stenographer, says she wonders what would happen if a real countryman would apply for membership in the Maryville Country Club?

Necessity is often the mother of a lot of excuses, a man who has the habit of getting in late tells us.

A local bachelor says he has observed that it is always easier to mend a broken heart than a broken rib.

"Who is Mrs. Grundy," our neighbor's little son asked of his mother the other evening when we stopped in for a few minutes' chat. "She is the old woman who is always supposed to belong to the other fellow's family," father said with a glance to his wife.

Vagrant Musings.

A bad cigar after a good dinner is like a pretty woman with a black eye.

The undertakers better look out or the bootleggerrs will get the embalming business.

You can be able to say no and mean it unless you are a woman.

There must be something in spiritualism. Just look at the rich mediums.

If candles were made like the spokes radiating from the hub of a wheel there would be a lot of people who would burn all the ends.

BARNARD PASTOR WANTS TO VOTE

Writes Representative Asking Law be Made That Guarantees a Man a Vote.

From Barnard Bulletin.

Rev. Alvah Huff, paster of the M. E. church in Barnard, lost his vote in the last general election. The reason he lost it was because he had moved from Worth county and had not resided in Nodaway County sixty days. Rev. Huff believes that he either should be allowed to vote here or in Worth county in the state and national elections. He believes that no man should be deprived of his vote and suggests that the Missouri Legislature make provision for such cases as he comes under.

Below is his letter in full:

Barnard, Mo., Nov. 20, 1922.

Hon. Mr. Wm. Job,
Rep. for Nodaway County, Mo.,
Maryville, Mo.

Dear Sir:

I am writing you as you are a member of the State Legislature of Missouri, to call your attention to the state law of Missouri in regard to voting. At the recent election, I was not permitted to vote, because of a technicality of the law in this state. This is the first time since I became twenty-one years of age that I have not voted at the general elections. I think that the law should read, "that one who has not lived in the county sixty days may return to the former resident voting place if in the state of Missouri and be permitted to vote."

The present law deprives us of a right that the United States Constitution guarantees. I feel that a person should have a right to vote somewhere. As the law now stands, many are deprived of their sacred right.

Yours respectfully,
Alvah Huff.

Dr. Murdock spent Thursday and Friday in St. Joseph attending an informal chiroproctor's meeting. There was nothing particularly unusual about this. But among the unusual features of the meeting was the demonstration of the New Palmer system of adjusting. This new method while being nearly painless is even more effective than the old, and the Doctor will use it almost exclusively in his practice here in the future.—ADV.

BAPTIST'S THANKSGIVING SERVICES TO BE TOMORROW

Sermon Subject Will be "Thanksgiving."—Special Muisc Has Been Prepared for Services

Owing to the fact that there will be a union Thanksgiving service at the Presbyterian church next Wednesday evening, the Baptist congregation will have its Thanksgiving service and program tomorrow morning at the regular hour for morning worship. The subject will be "Thanksgiving," and there will be special music in line with the thought and spirit of the day. The last two Sunday mornings the themes have had to do with our privileges and responsibilities as Christians in this time of need, the subject two weeks ago being, "The Red Cross," and that of last Sunday, "The Near East." It seems fitting that our Thanksgiving service should come just after we have had occasion to remind ourselves of that comparative prosperity which leads the whole world to look to us for help. The service tomorrow morning at the Baptist church will point this truth, so full of meaning at this time and so in keeping with the proclamations of the Thanksgiving season.

The series of addresses before the Men's Organized Bible Class on "The Church and the Community" will be broken into tomorrow morning, through the absence from the city of Dr. Fryer. The series was begun two weeks ago by Superintendent Ziegler on the subject "The Church and the School" and was continued last Sunday by Mr. Roy Kinnaird on "The Church and the Rural Community." Dr. Fryer was to have spoken tomorrow morning upon "The Church and Public Health," but owing to his absence at the convention at Columbia he will postpone his address until one week from tomorrow morning, and the pastor will speak to the class tomorrow.

The service last Sunday evening was devoted to the question of whether or not things work together for good to those who are Christian, the answer being in the affirmative. Tomorrow evening the pastor will handle a kindred theme, the question of rewards: Is there an "Unfailing Return?" Is there a sort of service which is always rewarded? Does bread cast upon the waters come back?

CODE BODY VOTES TO ADJOURN DECEMBER 15

Will Give Away to the Legislature—To Meet Again April 15, 1923

Jefferson City, Nov. 25—Missouri's constitutional convention will take a rest of four months unless the action taken yesterday is rescinded, which is not likely. The convention adopted the majority report of the special committee appointed to make suggestions and recommendations as to taking a recess. The report provides for a recess from December 15 to April 15, 1923.

The report provides that all employees be discharged Friday, December 15, except such as, in the opinion of the committee on expenditures, may be deemed necessary to the temporary closing of the convention's affairs and for proper preservation and storing of its property and records.

The majority report declared that it would be unwise, impracticable, expensive and unpopular, and perhaps illegal, for the convention to meet and continue in session in some other city.

The reason for the recess is that with the convening of the state legislature, little accommodations would be available for the constitutional convention.

"WHY I AM A CHRISTIAN" BY REV. R. E. SNODGRASS

Every Good Thing You Possess Is Yours Because of the Christian Religion, He Says.

"Civilization is either the cause of Christianity or Christianity is the cause of civilization," declared Rev. R. E. Snodgrass last night in his sermon, "Why I am a Christian." "When Joe Cook made a map of the world he found that the nations that knew civil government were the very nations that had received the gospel of Christ, therefore when I become a Christian I am contributing to the civilization of the world.

"Any man in this community who does not respect the church, and we seem to have a few of such, ought to be transplanted to Central Africa for awhile and be compelled to live among the cannibals where Christianity has never gone and then he would come back to Nodaway County with a greater appreciation of the church.

"Every good thing you possess, brother, is yours because of the Christian religion. Your farm or property is worth what it is because somebody has made it so by keeping alive the church. It is about time you were beginning to assume some of these responsibilities, yourself. Why will you continue to expect that the other fellow will keep up the value of your own property?

"The greatest institution to safeguard the future of our boys is the church. Boys don't go through the church to the penitentiary. How much effort have you, my brother, put forth by example and precept, to save the boys of this community through God's own institution, the church?

"It is beginning to appear that some of our church members in this town are a good deal more solicitous in getting our young people to dances than to church. I am tremendously interested in this topic as I have some children growing up who will soon be thrown out into society, and I am anxious that that society shall be as pure as a Christian community can make it."

The sermon subject tonight will be, "Why I am a Christian Only." Tomorrow the subjects will be: Morning, "The Call of God." Evening, "Excuses for Not Joining the Church."

The Pastor will address the Men's Bible Class on, "The Supreme Test." A banner attendance in the class is expected.

Tomorrow will be the biggest day of the revival thus far according to the pastor and workers. Arrangements are made to take care of the large attendance at all services. Mr. Doyle will sing and the music is being greatly enjoyed by all who attend.

CONTRACT CALLS FOR WORK ON SOUTH ROAD

Will Cut Down Steep Hill and Provide For a New Culvert—Work to Start Next Spring

The contract let yesterday to A. L. Cooke Construction Company of Ottawa, Kan., to do state road work eliminatin railroad crossings in the Wilcox community by making a road north of the railroad track, also included cutting down a hill and putting in a culvert near the Icke hill on the road south of the Davis Schoolhouse. The plans call for three-eighths of a mile of work, cutting down a hill and taking 2,500 yards, and providing for a 94 6x4 concrete culvert at the bottom of the hill. The hill to be cut down is one of the steep hills in that section. The work will not be done before next April or May.

Guy Walrod, project engineer for the state highway department and located in Maryville while state road work is being done, said today traffic over the Icke road south of the Davis schoolhouse is now desired. This work was just recently completed. Mr. Walrod stated the road was in fairly good shape now and if no bad storms are had for a few weeks it will be in good shape this winter.

Cooke & Co., has sublet their contract awarded yesterday to Perez & Ramsey of Kansas City who have been doing most of the work here. The work on the Wilcox road will not be completed before spring.
